GOLDEN TOUCH OF HOSPITALITY

BY JANE ASHLEY

Bake a Perfect Butterscotch Pie

A proper butterscotch pie should boast a rich "scotchy" (caramel) flavor, be thickened just enough to hold its shape when cut into serving wedges and be covered with a delicately browned meringue.

Butterscotch Meringue Pie

1 baked 9-inch pastry shell
1 cup firmly packed brown sugar
¼ cup corn starch
½ teaspoon salt
1½ cups water
1 cup milk
3 eggs, separated
½ cup margarine
1 teaspoon vanilla
6 tablespoons sugar

Mix together brown sugar, corn starch, and salt in 2-quart saucepan. Gradually stir in water, then milk. Bring to a boil over medium heat, stirring constantly and boil for one minute.

Beat egg yolks slightly and stir a little hot mixture into yolks. Then stir all into remaining hot mixture. Return to boil, stirring constantly and boil 1 minute.

Remove from heat and stir in margarine and vanilla. Cool to room temperature and turn filling into pie shell.

Make a meringue from egg whites and the 6 tablespoons sugar. Spread some meringue around edge touching crust all around. Then fill in center. Bake in a 350° F. (moderate) oven 15 to 20 minutes until meringue is lighty browned. Cool away from drafts.

Increase In Locations For Examining Trooper Applicants

Richmond, Va. - Applicants for trooper positions with the State Police will undergo their adaptation tests not only at Administrative Headquarters at Richmond but at five of the six Division Headquarters throughout the State, beginning next month, Colonel H. W. Burgess, the Department's Superintendent reported today.

Until now, Colonel Burgess said, an applicant was required to travel to Richmond from any part of the State and back for these preliminary tests which were given only at Administrative Headquarters.

"It is certainly reasonable to believe that the long travel distances may have discouraged desirable applicants in the past," he noted.

Examinations will be given the second Thursday of each month and will commence December 14. The applicant may pick any location he desires.

Colonel Burgess explained further that basic qualifications include a high school diploma or its equivalent, excellent character and physical condition, and age 21 through 29.

If an application is apparently in order, the prospective trooper is directed to take the prescribed adaptation tests. Upon successful completion of these, he is subjected to a thorough character investigation. If this is favorable, he is offered the position dependent upon passing a physical examination.

Twenty one trooper vacancies now exist, out of 1,052 authorized positions.

Questions and Answers By Veterans

EDITOR's Note: Veterans and their families are asking thousands of questions concerning the benefits their Government provides for them through the Veterans Administration. Below are some representative queries. Additional information may be obtained at any VA office.

Q – How long do I have to convert my National Service Life Insurance policy?

A – NSLI five year term insurance can be converted at any time while in force. Term policies with numbers prefixed by "W" cannot be kept in force if they expire after the insured's 50th birthday, and they must be converted before they expire.

Q – An extra large dividend put me over the income limit this year. Will this cause my VA pension to be discontinued?

A –No. As long as this income could not have been anticipated and was of a non-recurring nature, it will have no effect on your pension.

Q – What should I do if my VA benefit check is not delivered on time?

A – You should wait long enough for the mails to clear, then write the VA regional office which has your file. Include your name if you're a veteran, or the deceased veteran's name if it is a death claim, and your claim number. Do not write to the Treasury Department, as this will result in further delay.

Nearly 50,000 Virginians Are Eye Donors

Richmond, Va. - Through the efforts of members of Virginia Lions Clubs, the file of eye donors registered with the Old Dominion Eye Bank will soon number more than 50,000 names.

R. Kenneth Hudgins, Executive Director of Old Dominion Eye Bank, has reported that solicitation of Virginians to partiqipate in the eye donor program has been greatly expanded by Lions Clubs throughout the state and that names of new donors are now being added to the eye bank's files at the rate of several thousand each year.

Even so, said Hudgins, the need for additional donors is far greater than ever before. Sight-restoring corneal transplant operations, he said, have become much more common place in recent years because of great advances in surgical techniques.

The high rate of success of such operations, he stated, has attracted the interest of a large number of eye surgeons and has greatly increased the demand of eye tissue for transplant purposes.

As a result, he said, the supply cannot keep pace with the growing need.

Arrangements for eye donation, on death, may be made by signing an eye donor pledge card available from any member of a Lions Club or from Old Dominion Eye Bank, 408 North 12th Street, Richmond, Va.
